Capitol Parking Garage Entrance

Once in the Capitol Parking Garage

Take the parking garage elevator UP to Level 1 (Level 6 is the bottom level of the garage). Upon exiting the elevator on Level 1, proceed straight ahead through the glass doors to the outside parking lot. The Capitol Annex is directly ahead of you. The Capitol building is slightly to your right.

Handicap Accessibility

Exit at Level 2 in the parking garage and go through the tunnel to the lift on your left at the end of the tunnel, just before the stairs. Take the lift up to the basement level and check in with the security. Then go straight down the long hallway to the first intersection. Turn right and proceed into the foyer. The elevators are on the left. Go up one flight to the first floor. Exit from the elevator and check in with the security guard.

Entering the Capitol Annex

From the parking garage exit, follow the pedestrian walkway straight ahead through the parking lot and up the stairs to the entrance area of the Annex. Look for the second set of doors marked "Visitor Entrance." Upon entering, you will have the opportunity to put down your bags or other items before walking through a metal detector. A security guard will ask for your ID, sign you in, and give you a sticker with the date. The guard will ask for your destination.

Navigating the Annex

To get from one floor to another in the annex, you must go to the center entrance to use the main stairwell or the elevators. All other stairways do not permit guest access to the floors.
